

SALE PROCEDURE

Bulls – 11:00 AM
Heifers – 1:00 PM

- Sign in and place buyer numbers on the front board on the bulls and heifers you may be interested in bidding on.
- Your numbers are used to determine the SALE ORDER only and placing a number on the board is NOT an obligation to bid.
- SALE ORDER is determined at 11:00 AM for the bulls, beginning with the bulls with the most buyer numbers.
- ANYONE MAY BID ON ANY BULL WHILE IT IS BEING AUCTIONED.
- You may place additional buyer numbers on the board at any time on all stock that has not been sold.
- We will continue down the sale order until the first set of bulls with multiple buyer numbers is sold.
- After the first set of bulls, we will take a break to give buyers another chance to look over the remaining bulls and place more buyer numbers on the board.
- At this time, additional bulls with multiple buyer numbers will be auctioned. Again, anyone may bid on any bull at any time while it is being auctioned.
- Following the auction, any bull with one number will be reserved for that buyer if he or she still wants him. Any bull with no buyer number is then available for sale at its base price.
- If you put extra numbers on the board, please notify clerk and we will remove your unwanted buyer numbers.
- We will have someone get your bid tabs and bring them to the office when you are ready to settle up.
- Heifers will follow the same format beginning at 1:00 PM, and if you have any questions please ask.

ENJOY OUR FAMOUS SANDWICHES!

Thank you for coming!

Brian and John Weaver
